

Heroic Military Programs

Summer 2023

Spend your days with fellow veterans paddling down wild and remote sections of Colorado and Utah's most scenic rivers

The Heroic Military Program is designed for men and women who serve our country, have been injured in the line of duty and are now faced with the challenge of accepting and living with a disability. Many of the program offerings welcome family members to participate, as they are also deeply affected by the tragedy and are a critical part of the healing process.

We are proud to offer this program at low or no cost to active military members and veterans from all over the United States. The program consists of a number of mountain retreats, river trips, trainings and camps that feature exhilarating adventure activities, the highest quality instruction and equipment, and some of the most beautiful and exciting venues in the Rocky Mountain West.
