

Heroic Military Programs

Summer 2025

Spend your days with fellow veterans paddling down wild and remote sections of Colorado and Utah's most scenic rivers.

The Heroic Military Program is designed for those who have been injured in the line of duty, and are navigating life with a disability. We recognize that healing extends beyond the individual, which is why our programming offers opportunities to connect and rebuild alongside fellow veterans, as well as alongside family members, both who are a vital part of the recovery process.

We are proud to offer this program at significantly reduced cost to active-duty military personnel and veterans across the United States. Adventure awaits on these unforgettable river trips, led by expert instructors using top-tier equipment. Set against the stunning and natural landscapes of the Colorado and Utah River Canyons, these experiences may promote physical and emotional healing.
